

## MESSAGE FROM EDITOR-IN-CHIEF

Assalamualaikum Warahmatullahi Wabarokatuh

Journal of Engineering and Technology (JET) is an open-access peer-reviewed journal published twice a year by Universiti Teknikal Malaysia Melaka (UTeM). This latest edition (Vol. 10, No. 2) presents new findings in the fields of Mechanical and Manufacturing Engineering, Electrical and Electronic Engineering, Civil and Building Engineering, Chemical and Bioprocess Engineering as well as Computer Science and Engineering. The journal provides an ideal platform for the exchange of knowledge, but not limited to the abovementioned fields of expertise.

This edition consists of eleven single-blind peer-reviewed articles written by researchers with expertise and knowledge in the various fields of research, contributed from both local and international authors including a new contribution from Australia, Tunisia, Portugal, United Kingdom, India, Iran, China and Nigeria.

On behalf of the Editorial Board, I would also like to thank all editors, technical editors, reviewers and authors for the published articles in this edition. It is their generous contributions of time and effort that made this issue possible.

Thank you.

*Professor Ts. Dr. Noreffendy Bin Tamaldin*

Editor-in-Chief

Journal of Engineering and Technology

# JOURNAL OF ENGINEERING AND TECHNOLOGY

## Contents

Volume 10 Number 2 July - December 2019

<i>No.</i>	<i>Title</i>	<i>Page</i>
1.	Power Quality Improvement Using Series Active Power Filter Based on Gravitational Search Algorithm <i>M. Babu Basam, L. Ravi Srinivas, S.S Tulasi Ram</i> .....	1
2.	A Study to Analyze Impact of Whatsapp on Emotional Health of Society <i>M. Mangla, S. Ambarkar, R. Akhare</i> .....	21
3.	Solar Radiation Estimation for Modelling High Performance Photovoltaic System Designs <i>F. Balo, L.S. Sua</i> .....	35
4.	T-S Controllers for Photovoltaic-Grid Connected System Through DC-DC Boost Converter and Three Phase Inverter <i>H. Khabou Rekik, M. Souissi</i> .....	65
5.	Risk Identification and Analysis of Precast Concrete Structure Based on Work Breakdown Structure-Risk Breakdown Structure <i>Luo Zhenhua, Ai Shangjie, Pan Haize, Zhong Mengfan, Yang Yufan</i> .....	93
6.	Metric-Based Random Iteration Algorithm for Resource Management in Non-Orthogonal Multiple Access of Wireless Networks <i>H. Naraghi, M. Khodakhah</i> .....	113
7.	Dehydration Characteristics of Taro Root ( <i>Colocasia Esculenta</i> ) Slices using a Refractance Window™ Dryer <i>A.A. Akinola, E.O. Ejiogu, O.O. Eleoranmo</i> .....	121
8.	Computational Fluid Dynamic Simulation: Maximise the Percentage of Air Distribution Inside Quasi-Flow Heat Exchanger <i>S.S. Muhammad, A.Y.T. Al-Zubaydi</i> .....	141
9.	Knowledge of Ergonomics Among Technical Staff in University Technology of Mara Penang Malaysia <i>R. Jaafar, Z. Libasin, W.N. Razali</i> .....	161
10.	Bibliometric Analysis of Agile Software Development <i>F. Almeida</i> .....	175
11.	Investigation on the Interaction Analysis of Beam-Nonlinear Isolator with Low and High Stiffness Support <i>K.K Turahim, K. Djidjeli, J.T. Xing</i> .....	193
